Spare parts update

Spare parts supplied as replacements may have a different appearance or size.

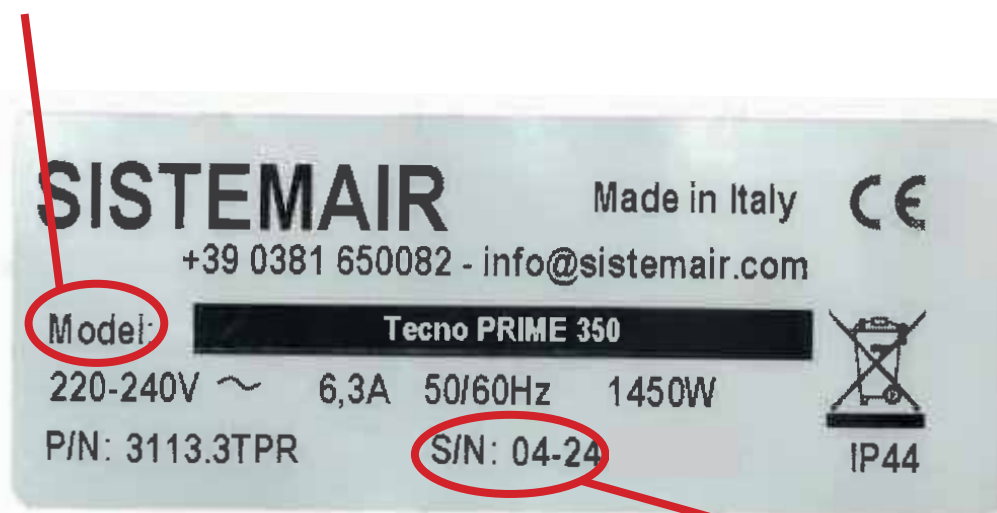

Sistem Air always ensures that spare parts are supplied up-to-date with the latest version in use, even on older generation central vacuum cleaners.

Instructions for identifying spare parts

In order to choose the correct spare parts, one must pay attention to the model shown and the serial number (S/N or MTR) by reading the digits that identify the year of manufacture.

MODEL O TYPE

It shows the model of the central vacuum cleaner and its motorisation.

S/N o MTR

It identifies the year of manufacture of the central vacuum cleaner
